Contents

Chapter 1

Polity

1.1 Indian Constitutition, Citizenship, Union and its Territory, FR, DPSP, FD

1.2 Executive, Legislature & Judiciary

1.3 Local Government, Constitutional Bodies, non-constitutional Bodies, Election

1.4 governance

1.5 bills

1.6 judgements

1.7 miscellaneous

Chapter 2

Economy

Chapter 3

Environment

3.1 Environmental Laws and policies

3.2 Climate Change, Carbon Credit, ETS

3.3 Environmental Convention and bodies

3.4 Pollution

3.5 Biodiversity

3.6 Protected Areas

3.7 Miscellaneous

Chapter 4

International Relations

Chapter 5

Science and Technology

5.1 Space Tech

5.2 Defence Tech

5.3 IT and communication Tech

5.4 Health

5.5 Energy

5.6 Bio Tech

5.7 Nuclear Tech

5.8 Miscellaneous

5.8.1 Major Chemistry Breakthrough: Carbon-Free Sandwich Molecule

- **The Breakthrough:** Researchers at **IIT Madras** and the **Indian Institute of Science (IISc), Bengaluru**, have achieved a major chemistry breakthrough by synthesizing a completely **carbon-free** molecule that replicates the unique sandwich structure of the famous carbon-containing **ferrocene** molecule.

Comparative Analysis: Ferrocene vs. The New Molecule

Traditional Ferrocene	New Carbon-Free Molecule
Iron (Fe) atom at center	Osmium (Os) atom at center
Flat carbon-ringed molecules	Boron-based flanking rings
High carbon reliance	Completely **Carbon-free**
Standard organometallic bond	Exceptionally strong bonding
Used in medicines, batteries, and electronics	Potential for engineering novel, highly robust materials

Chapter 6
